

Quantity Surveying & Project Billing for Building Work

Presented By

Sampurna Gyan Training Academy

❖ About Us :

Datta Mahale
(Founder, Trainer &
Software Developer)

The journey from a 'Quantity Surveyor' to a Founder, Trainer & Software Developer after achieving a responsible and challenging position with hard work & vast experience up to 21+ years in construction of Buildings, Industrial Constructions and Infrastructure Development Project in reputed organizations.

“Impossible is the word, found in the dictionary of fools, I do not consider anything in this world as impossible” this inspiring quote has been my mantra for life. I am self-motivated person always wearing the 'Thinking Cap'. I am self-confident, determined and focused guy... never loses hope. Takes up everything positively...including failures and disappointments... b'coz I believe that “If I have the belief, I can do it. I shall surely acquire the capacity to do it. Even if I may not have in the beginning” and I think, we learn wisdom from failure much more than from success. We often discover what we will do, by finding out what we will not do; and probably he who never made a mistake will never make a discovery...! I have been attempting to complete my work in the most optimum way possible under the given constraint. Excellence is my motto... and I believe that 'excellence is journey and not destination'.

❖ Worked on Major Project

➤ State Highway & National Highway Road Project

- ✓ Improvement of Ghoti-Sinnar Road Project. SH-39 (Package XVIII +XIX) of Nagpur-Mumbai Expressway & Ghoti Bypass for **MSRDC**
